ROPPONGI ART NIGHT 2017

9.30 SAT 10:00 > 10.1 SUN 18:00
www.roppongiartnight.com

◁ 2017 THEME ▷

Mirai no Matsuri

What comes to mind on hearing the word “*matsuri*” (festival)? The general definition for *matsuri* is “the act of praying to or worshiping a deity or ancestors to give thanks or to comfort the spirit”. However, in recent years, music festivals and art festivals are all considered *matsuri*. What all of these have in common is that people gather to share an experience and pass on cultures to future generations and is a communication platform. The Roppongi Art Night 2017, will be featuring art and performances from around the world, including many from Asia, proposing a new creative form of “*matsuri*”.

◁ OVERVIEW ▷

Roppongi Art Night is an one-night art extravaganza staged in the district of Roppongi. The event proposes a pioneering model for urban development as well as a lifestyle that celebrates the enjoyment of art in our everyday lives. Presenting contemporary art, design, music, film, and performances, Roppongi Art Night offers an extraordinary experience. Launched in March 2009, the event is growing every year.

◁ GREETING ▷

Roppongi Art Night will be celebrating its 8th edition this year. This year's theme “Mirai no Matsuri” (festival of the future) is held in the hopes of people coming together to enjoy art out on the streets of Roppongi like a “*matsuri*” and not confined by the walls of a museum. We welcome Mika Ninagawa as this year's main program artist, and her bright, colorful works will be featured throughout the festival. Additionally, to celebrate the 50th anniversary of the founding of ASEAN, we are excited to present the “Southeast Asia Project”. Culture is becoming more important in enhancing Japan's presence in the global community, and we would like for Roppongi Art Night to become the key platform in strengthening the visibility of Tokyo's creativity and showcasing it to the world.

Fumio Nanjo Chairperson of Roppongi Art Night Executive Committee
